Club Health in the Area

The clubs are healthy and remain on track except for Mariswe. The President has flagged it may not remain distinguished. I have met with the club, attended a well presented hybrid meeting but they are not getting new members. I will join the next exco meeting and the president is due to complete L5 so I am encouraging an open house so we can maintain membership and bring on new members to tick that DCP box

Area Council Activity

In the middle of contest season. Its taking up a fair amount of time. I have one more meeting to attend to complete the club visit reports.

Your *Wow!*Factor as an Area Director

Perceverence and a growth mindset. There is always a way if we know where we want to go!

What is your goal & what still needs to happen for the Area to achieve its goal?

My goal is DTM, project boxes have been ticked, new club is the final hurdle.

What does the future hold for the Area?

The birth of another club, we are still working towards this. 5th Dimension creating 5th Dimension and I am working on 2 back up corporate options. Right now the former looks the most likely.
