

Club Extension Chair- Report for District Council – April 2024

Submitted by	Irina Nambininandro
Serving Under which District Leader Role	Club Extension Chair under Club Growth

Highlights in your term of office

We organized trainings during the Super Saturdays with the help of Club Growth Academy. The first was: "How to host a successful launch event", the 2nd was: "How to launch a new club in just 3 weeks". The goal was to help and to guide the Area Directors and the Division Directors in the process of creating new clubs. We had more than 25 participants attending each training.

Some of them are now processing to charter at least one club in their respective area.

We created a Google form Survey to help the Area Directors in dealing with all the challenges that they may face in creating new clubs. We have so far, received 10 answers. Among them are now processing to charter a new club.

We worked with many corporate that wanted to start a new club.

We organized many showcases in corporate.

We helped in organizing launch event and demo meeting for community clubs.

And now, we have many new clubs that we have been working since September that are now ready to charter.

The majority are corporate club.

We are working on chartering more clubs till the end of June.

Milestones achieved in your term

We have so far 9 clubs chartered.

We have more clubs that are processing to charter this month and in April.

Areas for development in the role

We need to motivate more the Area Directors and Division Directors in creating new clubs, such as giving an incentive or award to those who will charter clubs from April 1st to the end of June.

Overall Remarks

We tried different ways to communicate with some leaders: Email, whatsapp, Survey on google form, Trainings. Unfortunately, it seems that some of them are not responding to any of them. The goal was to help them to deal with the challenges that they are facing in creating clubs, but if they are not willing to communicate with us, it will be difficult for us to support them.
