Areas for development in the role

PQDs to fully involve TLI Chairperson in both Club Officer Training and **District Officer Training** as this is a portion stated on the Code of Practise for District 74
Cordinators need to be trained in a similar way Club and District Leaders are equipped
Cabinet needs to brainstorm trainings and have the TLI Coordinator involved in the brainstorming sessions. The training needs to align with the Cabinet direction as well as the needs of the members.
District to groom Zoommasters at District Level that aim to pass the skills downwards. TLI is heavily relying on Zoommasters and they are currently limited in D74
Research needs to be done on effectively capturing attendance of trained officers. Current system is cumbersome.
Equip more TLI Certified Trainers to be capable to handle Speaker to Trainer Trainers for succession.
