Club Health in the Area

1. Executive Club - They are very well organised, active and pushing hard to achieve their target goals. I enjoy working with them and communication flows seamlessly.
2. Projects Hub - They started off on a very low noted but they have picked themselves up and shifted things around by including more energised committed members. I am excited for their future achievements as a club on the rise.
3. Proprenuers - Membership interest is very low and they have not be holding meetings at all. Though communication has been good, the action taking has been dismal. I am worried about losing this club.

Area Council Activity

been very bad. I fear a loss of this club too.

We mainly communicate on our WhatsApp group but I will work on doing more for face to face engagement.

Your Wow!Factor as an Area Director

I am tenacious

What is your goal & what still needs to happen for the Area to achieve its goal?

I still want to start 5 clubs though this has been very taxing I am happy that some progress is being made in at least two of the target clubs. I also hope to help get all clubs to President distinguished. I will continue working with the Division Director and Club ExcOs to achieve this.

What does the future hold for the Area?

We have a lot of building and nurturing ahead of us and I will commit to continue engaging, persuading and supporting the clubs and individuals in my Area.
