Distinguished Clubs	25	20	
New Clubs		20 Split equally between Mauritius and Madagascar	Axis chartered In the process 5 Working on 12 more near firmed up leads

Club Quality:

Are there any clubs that appear to be healthy from the statistics but that are at risk/unhealthy? What plans are in place to address this?

Besides Impact and Oracle which in dormant more, PolyTechnics and GRF also are cause for worry. We might thus lose 3+1 clubs.

Do your clubs have DCP plans in place and how confident are you that they will achieve these?

The stronger clubs all have them – the newer clubs have implemented and are working towards accomplishing.

Do clubs have healthy meeting attendance? Are clubs actively using the Toastmasters educational programme – Pathways and the legacy programme?

Yes all of them do monitor attendance – Most of them monitor Enrolment to Pathways and other programmes – VPE are fully engaged in most clubs.

Club Growth: *What new clubs have started already in your division? Which club/s do you intend on starting in you Division? Do you have a demonstration meeting date set? Once again, please be specific with dates, role players and next steps.*

Chartered – Axis; Mirongo and Outstanding – 3

In pipeline – 5 from Mauritius and 2 from Madagascar.

Club Support: *Provide a view on the status of clubs under rescue (12 or less members) and new clubs, how many have assigned coaches/mentors, how are these clubs doing, what plans are in place to support them to achieve distinguished status this year. Please be specific in terms of people leading this process and the action dates.*

4 clubs: Impact and Oracle are under dormancy – Polytechnics and GRF are also problematic. These would need to be assigned Coaches/Mentors. Already working with them so that the next step can be defined.

All Area Directors are working with Division Director to address the situation.

What successes have you recorded in your Division?

Charter of 3 new clubs already
7 new in Pipeline
12 more being worked on.

Club officers training is a success.

What challenges are you currently working on?

GRF and PolyTechnics are hard cases.

What are the future growth opportunities in the Division?

As mentioned above, there are a lot of growth prospects within Division B
The intention is to grow Madagascar into a Division under the new mandate – this will entail new club being chartered.
Ditto for growth in Mauritius – we have enormous potential which is being worked on.

What skills have you developed in the role
