- The section will detail all requirements for the level and provide a place for the member to track what has been completed
- Projects currently required in each level will not be changed
- Changes will not affect your current progress , if a level has been completed, you will receive the new content but your progress will be unaffected

VPE's, Prepare to start tracking new requirements

Determine now how you will keep track of validating
these items

When approving you now
have additional items to
track

You need to confirm
projects, meeting roles
and Series presentations

To Help you, ask the
members to keep track of
their roles on their base
camp profile.

The hope is that this will encourage members to be more involved in
your club.
